Children of the Light

*The world is screaming out lies every day,
Deep darkness is roaming everywhere,
Many are asleep and keep their blinders on,
Dwelling in darkness is what they repeat on and on;
Refusing to step out of their comfort zone.*

*We who are the children of the light,
Let us shine and blaze through the night,*

*So the lost can find their way home,
Back into the fold where they belong.*

*Plant seeds everywhere you go,
So that the hearts of many can grow,
Seeds being watered by the HOLY SPIRIT,
Then they can grow more in the spirit.*

*The love of many have grown cold,
Caring only for their own souls,
They turn their backs to their own creator,*

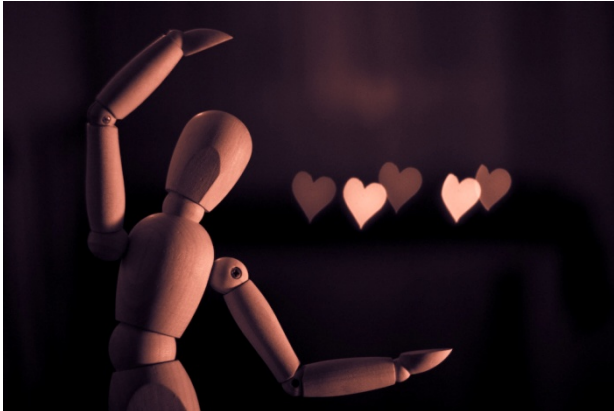

Busy following the GOD of this world.

CHRIST awaits them to come back to Him;

To head towards the light out of this deceptive world.

He loves sinners, but not their sins;

We are to love them just like Him.

*When the lost become the found,
Just as we once were lost then found,*

*It is a reward,
To give glory to GOD.*

True Inner Self

*We all fall and stumble at some point of time,
When we submit to GOD towards a sinless life.*

*There may be malice, pride and envying,
And self condemnation may slowly creeps in our way.*

*Do not listen to the lies of the enemy,
Let not the smallest foothold to the enemy,
The HOLY SPIRIT gently convicts but not condemns,*

The righteous fall seven times yet stand again.

*You may sometimes feel you have lost your real self,
Due to the deception of this world that has poisoned you,
Your soul has somehow been blinded,
But it silently cries and screams out for help.*

*Remember we were once sanctified at the beginning,
Does not childhood speak of all purity and innocence?
They laugh, smile and have full of joy,
Love and peace is what they always embrace.*

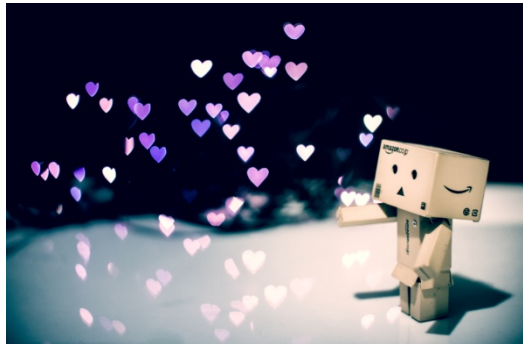

*It is not too late to have the heart of a child,
Being like children is what the LORD truly desires,
JESUS said forbid not children to come unto HIM,
For such little ones belong to the Kingdom of Heaven.*

*Break away the darkness that chases you relentlessly,
To the light with the presence of GOD entirely,
Breaking all the chains, realizing your victory in CHRIST,
Taking back what the devil has stolen what was yours to be.*

As you are continuously being sanctified day by day,

*The layers of deceit would fall from which blocked your way,
When all these corrupt layers are removed,
You will find your true self that are laid deep within.*

*That heart that speaks kindness, softness and tenderly love,
It is you whom GOD created,
Of what you were meant to be.*

Obsessed with God

*There are many kinds of obsessions in this world;
When it comes to obsession, why can't it be GOD?
I am obsessed with CHRIST who is my only hope;
With the LORD all our trials can always be coped.*

*Never will I stop seeking to find GOD,
The more I seek HIM daily my love for HIM grows,
Not a regret to spend all time with the LORD,*

HE gets close to you when you follow where HE goes.

*HE occupies my thoughts day and night,
In this dark world, HE is my hope and light,
I was made to love HIM with all my heart,
And HE already loved me at the very start.*

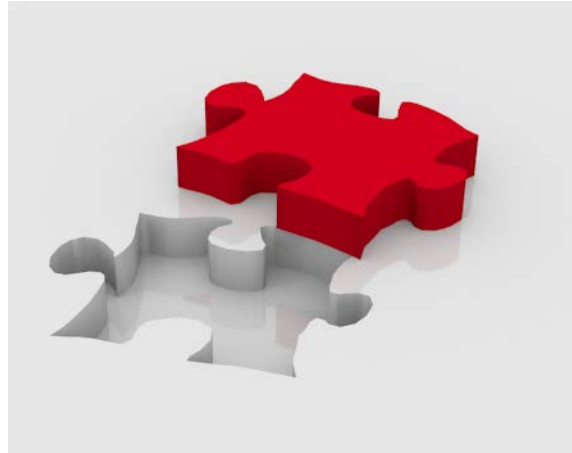

*Nothing in this world that truly appeals to me anymore,
Only the LORD my first love is whom I really desire for,
For I am to walk in the spirit and not the flesh,
Pleasing GOD is what makes me feel refreshed.*

*When I am out in the world and cling to the flesh,
Panic sets when both the LORD and myself are detached,
It feels like I can barely breathe without HIS presence,
There is always emptiness because of HIS absence.*

*You may call me JESUS freak or narrow minded,
Striving towards that narrow road is what I am inclined,
Welcome to the land of breadcrumbs!
I don't care if I am to be an outcast,
Seeking GOD's favor and not man's is what I have become.*

*I can do nothing without the LORD,
GOD is my everything; my all in all.*

*Without YOU LORD,
I would rather die.*

The Bride of Christ

*This dame; she is ready, she is purified,
Her heart has been rend, bled and crucified;
Died by The HOLY SPIRIT's all consuming fire,
Together in one heart, one mind, one desire.*

*She is standing in a spotless and purest white gown,
And dressed in the most precious jewels all around,
Cleansed by JESUS CHRIST's blood, her LORD and Savior alone,*

Reflecting the nine fruits of the Spirit she has grown.

*She anxiously greets her bridegroom every morning,
In utter surrender and obedience to The King of kings,
She sets apart from all things that take focus off from HIM,
Chasing after GOD's heart with all her might day and night.*

*She wanted to share with everybody what will soon happen,
Ran down the streets yelling that the Messiah is coming,
Proclaimed to people to be awake and ready for HIS return,
But she was rejected, ignored and misunderstood with every turn.*

*She was not bothered by their reactions,
It just broke her heart that they could be lost.
They are like the slumbered foolish virgins,
For they see not, hear not and understand not.*

*She meets GOD in this blessed secret place,
If anybody would just taste this blessing;
GOD's love and how much more HE has to offer,
They would likely drop everything and run to Him!*

She excitedly awaits and watches for The LORD's return,

Hoping HE would rescue her from this strange wilderness.

*She runs after every prophecy, dream and vision,
Even signs in the sky daily for clues of HIS coming.*

*At the voice of an archangel and the sound of the trumpet,
In the twinkling of an eye she was caught up in the sky,
She then was transformed into her glorified body,
Everything on earth has changed as she walks into eternity.*

*She stopped everything when she sees her bridegroom,
An invisible bond was created as she sees HIS exquisite face,*

*They looked at each other as though nothing mattered anymore,
They are so in love that none can break this bond.*

*The bridegroom has died for her and longed for HIS bride,
Now is the time to claim HIS harvest; HIS fruit; HIS prize,
She does not care if she dies for Him as she is free as a bird,
For her whole heart was sold out to GOD whom she lives for.*

*GOD has prepared a place that is beyond the wildest imagination,
Behold, the marriage supper of the lamb celebration in Heaven!
She will be with HIM forevermore living in perfect love and peace,*

*As though she has never departed from HIM at the start,
And nobody will be able to snatch her away from HIM again.*

Darkness Escape

*Blind and trapped into darkness,
Within, an aching and an emptiness,
Delighted in what is forbidden,
His heart has been silently stolen.*

*Somehow searching in the darkness,
Somewhere hidden in the far distance,
Something that it cannot comprehend;*

When darkness finally meets the light.

*Running towards the light and far away,
"Oh darkness, no more will I be led astray!"
Though blackness is surrounding in the air,
He fights to follow LORD JESUS to forbear.*

*In the war against his pride,
Fighting for love; crucified,
Breaking all vain obsessions,
Until he is not in division.*

*Where burden turns to wonder,
Where peace instead of fear,
Where distress changes to laughter,
Praising GOD in the storm and fire.*

*Dancing in the fire to be
refined,
Breaking the chains; past
behind.
Through the saving blood of
CHRIST,
Forever set free; a gift
beyond price!*

The Father's Heart

*There is a Father up above in heaven,
Has none greater love for you in expression,
Through HIS SON JESUS CHRIST's crucifixion,
All your sins through HIS blood can be forgiven.*

*HE is the risen King of kings who knew no sin,
With abundance of mercies when your day begins,
GOD has died for you so that you may live,*

HE wants a full surrendered heart from you to give.

*HE is better than any earthly father imagined,
HE is not an angry and distant GOD you've determined,
HE knows everything about you—even the numbers of your hair,
HE is always besides you and even in the air.*

*HE longs for you to meet HIM in the secret place,
Spending intimate time with HIM face to face,
There's a unique relationship HE have with each child,
You can talk to HIM twenty four seven with a dial.*

*HE has been waiting for you daily to come back home,
The peace HE gives to you is not of worldly tone,
To hold you close like a Father to HIS little one,
HE'd just die for you if you're the only someone.*

Love Story

There's a difference between knowing about GOD and knowing HIM,

A look on the Word without relationship is rather dim,

A song, a nature, a people, and spontaneous emotions,

GOD speaks through many ways that can hold your attention.

In the calmness; GOD can be found,

Through the silence; peace would resound,

An intimate time of stillness in HIS presence,

Oh, how beautiful is the art of patience!

*A sweet surrender to HIM is better than wine,
Shutting the world off; lost beyond time,
Broken and shattered down of vain obsessions,
Mended and risen up in glorious translation.*

*Synchronisation with the HOLY SPIRIT heart to heart,
Into new dimensions where secrets would impart,
What honor to give HIM the highest praise everlastingly!
HIS indescribable burning love overflows exceptionally.*

*At the breath of GOD the enemy perish,
It's as strong when HIS love for you flourishes,
Nothing is better than to bask in HIS ravishing love,
None in this world worth desirous for than the things above.*

*LORD, YOU are my symphony;
enrapturing me,
YOU are a divinity—YOU'VE won my
heart an infinity,
Oh...how precious to be drunk in the
spirit and melt in THY presence,
YOU memorize me, in YOUR
breathtaking omniscience...*

The Glory of God

*A brand new heart and a set of new eyes,
I see the glory of the LORD everywhere,
Ignoring the dark forces of this fallen world,
The splendor of nature and creations are still there.*

*From the highest of heights to the depths of the sea,
HE holds the universe at the palm of HIS mighty hand,
I couldn't run from HIS presence but to fall on my knees,*

HE knows all the numbers of the stars and calls them by names.

At the breath of HIS voice HE created the world,

Who can compare unto HIM? No one will ever be!

HE looks down below and laughs at the enemy's feeble plans,

In the presence of the Father of Light, the darkness must flee!

HE is brighter than the sun; Who is stronger than the strongest,

HIS weakness and foolishness are stronger and wiser than men,

HIS ways and thoughts are higher than ours; Who is highest above all,

The praises of HIS glory echo beyond the stars again and again.

*HIS thinking is beyond eternity; HE cannot be contained,
With GOD all things are possible—HE is a mystery and unsearchable,
GOD is love where HIS love by words is difficult to be explained,
HE is the Alpha and Omega; HE is everything to me.*

*HE only is the rock and our salvation,
Holy, Holy is the risen King of kings,
HE is the FATHER, SON and HOLY SPIRIT of perfection,
A GOD of details, GOD of order and GOD above all GODs!*

HE knows all and a GOD of complete control,

*Even the enemies unknowingly do HIS will,
GOD alone renews our hearts of what they stole,
It is all about JESUS and never our own.*

For the Atheists and Skeptics

*You have faith in watching news believing it is real,
You have faith in hearing your friends of what they say,
You have faith in reading momentary reports of magazines,
And, yet you have no faith in GOD as though He is faraway.*

*Before you conclude the lack of a supreme existence,
Have you ever seriously seek for an encounter with Him?
And, done a thorough research of scripture evidence?
Such undeniable truth has been proven time and time again.*

*Gravity itself is an invisible force and it exists though,
Just as GOD cannot be seen does not mean HE is not there,
An ancient manuscript of the scripture that was done long ago,
The absence of the writer does not mean it never occurred.*

*Your theory of big bang and natural evolution,
That out of nothing created all the species of everything,
Which they are progressively diversified from one to another,
Ever considered human complexity that's far from perceiving?*

*There are around three billion rungs on the human DNA ladder,
What if you just randomly type out an understandable sentence?
It would take an astronomically improbable amount of times!*

An ordered DNA structure is impossible by chance without the designer's presence.

*The footprints of the creator of the universe is everywhere,
HIS name "YAHWEH" in number adds up to a divine seventy,
There are seven continents, seven seas, and seven colors,
Seven days a week and seven items' average human memory.*

*Know you not that the four blood moons all lie on biblical dates?
Have you not seen the Hand of GOD illuminated in space?
The red represents HIS Blood and the ring is the crown of thorns,
The hole depicts HIS pierced Hand—CHRIST Who died in your place.*

*HE who knew no sin has died for the forgiveness of your sins,
For the wages of sin is death and would lead to hell fire,
None is righteous but through the salvation from CHRIST we put
on HIS Righteousness,
Back home to heaven; united once again is what HE desires.*

*You say you have good deeds and no need of faith,
But our own righteousness are filthy rags,
We are saved by faith alone and not by works,
Yet faith without works is always dead.*

*It is about being saved or being lost,
Not the category of evil and good to earn a way to heaven,*

*Whoever do the will of GOD will be saved,
Through faith of salvation in CHRIST who was risen.*

*You say if GOD exists then why evil happens,
He gave us freedom to choose to serve HIM or satan,
For HE is a loving gentleman Who won't force us,
When sins come, evilness in the world appears in fullness.*

*The bible is historically, scientifically and prophetically proven,
Noah's ark has been discovered even chariot wheels in the red sea,
The devils' prints are all over the media; their so called "illuminati",
Even the mark of the beast is here—what more can you not see?*

*The sign of Jonah has displayed in the constellations,
The ten Exodus plagues are mirroring in this generation,
Choose life; choose JESUS CHRIST before it is too late,
HE is willing to rescue you as HE is standing await.*

Forgiveness

*We all had in life encountered our battle scars,
Crushed, oppressed; struck behind a million bars,
We all want those who hurt us know how we feel,
We all want justice to stop this sick revolving wheel.*

*We all make mistakes, we all need forgiveness,
Hatred cannot change a heart but stay us in weakness,
Lest we become a murderer, making things worse than the start,*

Regrets and torments; spending eternity with GOD apart.

*GOD commanded us to forgive others seventy times seven times,
Unforgiveness is like a hidden sin that we may forget oftentimes,
The love of the Father forgives all sins of a repentant heart,
Forgive all to be forgiven to not let life depart.*

*The price of resentment is beyond our scope of imagination,
It's a deadly poison; a cancer that makes your life hard to function,
GOD commanded us to love our enemies and not render evil for evil,
There will be a just judgment for sinners that will be very awful.*

*Don't hold it even a second and put the weapons to the ground,
Use love in everything you do for the healing of your wound,
Just let go and let GOD carry your heavy burden by HIS grace,
So that you can focus HIS will and eternal reward in this race.*

*Trust that GOD is in control and move
on by HIS perfect strength,
So you can fly free like a bird in no time
of length,
Remember Lot's wife who turned and
became a pillar of salt?
Let's look forward to the
race and looking back to a halt!*

The Heart of a Child

*Love and humility always go hand in hand,
Without the essence of love the world would be bland,
Children are the heritage from the LORD,
To have the heart of a child is such a reward!*

*They trust in their parent's guidance to a place they don't know,
Not a shadow of a doubt that they sincerely show,
The heart of a child is like precious pure gold,
Such blind faith displayed is priceless to behold.*

*GOD as the Father wants you to come to HIM as a child,
Trusting HIM without borders; not waver like wild,
Have faith in HIM in everything—every detail of your life,
Rest upon HIS bosom, knowing all things will be fine.*

*The heart of a child only knows love,
Quick to forgive and listen, esteeming others above,
Consider others' needs firstly and willing to serve GOD at all times,
Not desiring credits; happy of seeing others of a joyful mind.*

*Beautiful is the quiet, patient and unassuming soul,
Taking the last position lowly, blending into the whole,*

*Getting full attention from GOD, having no need to boast,
'Cause GOD is his everything; whom he desires the most.*

*The heart of a child only desires favor from GOD,
Not worrying of how others think of him even if he's odd,
Even in the lowest of the low he gives GOD his highest praise,
Only trust in GOD alone and not any other ways.*

*He follows closely behind and completely relies in the LORD,
Holding HIS hand every moment; having no confidence on his own,
Laying it all down to CHRIST, until there is no "him" left,
Coming to HIM as though knowing nothing, but HIM the best.*

*You'll not stay prideful when you keep seeking the Almighty,
Tearing down ego and rise up from ashes to beauty,
The fear of the LORD is the beginning of wisdom,
Faith can move everything and even a massive mountain.*

*Faith in HIM is knowing that HE won't ever fail you,
Serving GOD with delight in HIS laws that are always true,
Let's look through the eyes of a sweet innocent child,
We're all made to love, to give the world smiles.*

The Overcomer

*Our mind is a battlefield; constantly warring against the flesh,
As long as we're in the flesh, we'll always stumble afresh,
There is no condemnation of those who walk after the spirit,
By the power of the HOLY SPIRIT; deliverance comes nearest.*

*We all have trials and tribulations which come our way,
We can call for help from above, only in a prayer away,
Rejoice! That you fall into divers temptations,*

'Cause you're being refined and your faith strengthened.

You'll not be tempted above that you are able,

There's a way to escape that you may bear the trouble,

GOD's strength is made perfect in weakness,

So when you are weak, then are you strong with gladness.

Remember the price of sin—going to hell is the enemy's goal,

It's wise to rather lose the world than to lose your own soul,

Satisfaction from worldly pleasures is always temporary,

Nothing can compare to Heaven's glory that lies in eternity.

*Naked we came and naked we depart at an appointed day,
Like a vapor that has been unexpectedly blown away,
It is essential to prepare for your next life ahead,
So when all else falls apart, you will not be in a dread.*

*Keep close to the truth and put on CHRIST's righteousness,
Stay near to GOD to not be distracted by worldly attractiveness,
Hunger and thirst after righteousness then shall you be filled,
Have faith in GOD's conquering power so you can be healed.*

Mix with the world once and you're one step harder,

*Walk by spirit before flesh then you'd be so much better,
The righteous fall many times but stand yet again,
Love and humility are the keys to defend.*

*Time is very short and there's no guarantee,
Don't leave the path 'cause your failure is heavy,
Stand firm at your choice in CHRIST until the end,
So when you meet GOD, HE will call you HIS friend.*

*No playin' with fire; no playin' games,
GOD will not strive forever with those heading to the flames,*

*Don't self condemn yourself when you've repented all your sins,
Confess your sins for forgiveness and HIS grace will not run thin.*

*There's no hope in this world—a place so dull,
But GOD is our only hope—always unchangeable,
You don't have to sin in order to have fun,
There's so much more in GOD beyond your imagination!*

*Be like CHRIST—love righteousness and hate iniquities,
Keep pressing into GOD to improve and be at ease,
We're new creations in CHRIST—let's forget what's behind,*

Knowing that we are in the light and not darkness inclined.

We can do all things through GOD Who strengthens us,

Resist the devil and he will flee with sureness,

Through our faith in GOD we have overcome the world that's fallen,

In CHRIST we are more than conquerors, the victory is already won!

Greatest Exodus

*Time is truly late; the clock keeps ticking,
Will you respond? JESUS CHRIST is calling!
The greatest exodus will very soon happen,
It will not repeat the history as there's only one!*

*Do you want to count in that number or be left behind?
It would be a living horror if you remain in great tribulation,
CHRIST is coming; proved by many end time signs,
A chance not to taste death in this blessed last generation.*

*Most plagues of Egypt in this era have already mirrored,
The blood moons have come to pass as prophesized in the Word,
Famines, pestilences, and earthquakes in divers places,
Many hearts are hard and self centered for ages.*

*Turning the truth into fables and lukewarm churches,
Ignoring the evidence of GOD; doing as their lust pleases,
Tremendous knowledge explosion in the last few years,
Even the mark of the beast technology is already here.*

*Much preparation has been made for the New World Order,
Numerous guillotines, FEMA coffins and one world religion,*

*Many others things too which our main news hide their offer,
Masses of Christians die in their faith due to persecutions.*

*The crying for peace and rumors of wars,
Strange christs, teachers and prophets that are false,
The sign of Jonah in the constellation has too been shown,
Israel became a nation again which the bible has let us foreknow.*

*Israel is our timepiece that shows that it is this season,
The end is here! Repent and make ready yourself for JESUS,
GOD's wrath is not subject to HIS bride; HIS chosen,
But, if you don't prepare, you're gonna be losin'.*

*Do you want to stay behind or escape the coming destruction?
Both GOD's wrath and the enemy's will be poured forth furiously,
Sudden destructions will come that may lose your salvation,
The world will be mad for survival and may treat you carelessly.*

*The way to be saved by then would be being martyred for CHRIST,
Don't risk the chance of paying such an enormous price,
While there is still chance now to surrender your will to GOD,
Don't miss the ticket to go home up to the sky abroad!*

*To be changed and glorified in the twinkling of an eye,
Transforming to HIS likeness and being set free shall we fly,*

*Standing face to face meeting our King of Glory,
Forever captivated by HIS endless Love and Beauty!*

My First Love

*Knowing that YOU are my First Love for the first time,
My heart was glad that I am Yours and YOU are mine,
I barely can wait for the time when we will unite,
Coming back to the beginning; a life full of YOUR light!*

*I hunger and thirst after YOU day and night,
I already said "I do", YOU know I've been relentless in my fight,
YOUR Word are Love Letters to me; am so humbled by YOUR love,
I hope my heart's love letters do please YOU, sending to YOU above.*

*YOU are Love—I'm awestruck and YOUR love I yearn to learn,
I surrender everything to YOU, responding to YOU in return,
I'm forever thankful that YOU'VE given me the gift of salvation,
I still can't comprehend YOUR love that's stronger than the sun.*

*YOU know all things about me more than I know myself,
I'm glad YOU understand me when known not by someone else,
YOU are my Sweet Fragrance—my heart is so overwhelmed,
It's a reward to be in YOUR Presence—a special secret realm.*

*I'm breaking my vain obsessions till YOU'RE all that I desire,
Deep calls unto deep without limit—please bring me up higher,*

*I just want YOU; nothing here that's more important than YOU do,
There's nothing I wouldn't do to be sitting next to YOU.*

It's All About Love

Do you know that GOD is Love?

Every act of affection you receive comes from above!

Oh, such profound love HE has for HIS children!

When I feel love; I experience GOD without distance.

It's all about love that's supposed to reign in this world,

But many have stony hearts that made it blurred,

So much people want love and hope from others,

Sadly they look for eros love to satisfy their hunger.

*What a soul that's void of love; so empty in darkness!
What temporal and unending cycle of wanting more!
Without GOD, there's only despair and hopelessness,
With GOD, we can get eternal satisfaction unlike before.*

*Show unconditional love when you meet people around,
It'll be distinct as it could draw attention from the crowd,
When you love someone it uses energy,
A huge field radiating out like a sun powerfully.*

*Your love can affect everything around you,
Love against evil is the most powerful tool,*

*We should also love animals and plants,
There's also dignity deserved by an ant.*

GOD created all things—isn't HE is in everything?

Look around you, what do you see?

Is it tangible or flesh? Then you are not looking!

See through their flesh, skins, bones, but soul should be!

All things were created in complete love by GOD,

Love is our origin, like a magnet when spread abroad,

Look deep into their eyes and see inside of them for clue,

They also breathe, love, suffer and search just like you.

*GOD's creations are perfect, it is sin that corrupted us,
See how our fingers can move seamlessly without a fuss,
How good when hell swallows up all worldly offenses,
When we purely love everyone; life makes sense.*

*Do you know that GOD is light?
There is hope, when there is light from above!
I still can see GOD when things are bright,
But when darkness is gone; it is all about love.*

Just Faith

*Do you sometimes feel like no one hears your prayers?
As though things aren't getting better and you're in despair?
Do you sometimes feel like giving up and lonely in this walk?
Or feel like not done enough for GOD due to stumbling blocks?*

*There is a time and season for everything,
Things aren't always as expected in GOD's perfect timing,
HIS ways and thoughts are always higher than our ways,
HE listens and delivers the righteous when they pray.*

*You've come this far near the end of the race,
Don't foolishly give up to grant the enemy a place,
HE would never forsake HIS own, but always by your side,
HE is for you and not against you, HIS beloved bride.*

*As long as you did your best you're good to go,
Repenting all your sins—your heart HE fully knows,
GOD is always good and HIS mercy endures forever,
Nothing is impossible with GOD Who makes us an Overcomer.*

*When you feel lonely and lovesick for CHRIST JESUS,
Know that you will run and not grow in weariness,*

*Cause you'll have renewed strengths; soaring like eagles,
HE is already here; you're not alone facing your battles.*

*We walk by faith and not by sight,
Faith can bring you to heavenly heights,
Without faith it is impossible to please GOD,
So have faith, when you pray unto the LORD.*

*Just a little faith—it will get better,
Hold onto your faith to walk on water,
You're stronger than you know,
HIS eyes are upon you as you go.*

*The opposite of faith is fear,
Fear flees when perfect love draws near,
Fear is not of GOD, but of power, love and sound mind,
Look through the darkness, though light you'd find.*

*HE that is in you is greater than he that is in the world,
If GOD is for us, then who can be against us?
HE rewards HIS diligent seekers as said in the word,
If you seek HIM wholeheartedly, you'll find HIM as promised.*

*Mistakes, trials and tribulations in life are inevitable,
Let's pass these exams through GOD by being faithful,*

*When life gives you lemons—make lemonade!
So let patience have her perfect work without delay!*

The Enemy

*Lies are screaming out in every direction,
Yet they're so blind and deaf to this deception,
Whispers softly slide into the ears of unawares,
What goes behind the scene seems like no one cares.*

*We wrestle not against flesh and blood,
But against principalities, powers and rulers of the dark,
Spiritual wickedness and invisible wars that flood,
The adversary is hungry to devour like a shark.*

*An unseen world, a skeptical mind,
Fiery darts hurled, have you whined?
Nightmares, torment, fear and sickness,
Addictions, loneliness, pain and sadness!*

*Angel of light; satan disguises,
Soul he fights, minions arise,
They're very familiar with your moves,
Tricking an open door when sin approves.*

*Bounded up in solid chains of sorrows,
They steal, kill and destroy like no tomorrow,*

*Occult, sex, self-hatred and religions,
Discouragement, hopelessness and temptations!*

*We must know who our enemy is to win the battle,
Knowing our authority in CHRIST, not start to crumble,
We're a threat to satan's kingdom as we stand sober,
Against these fallen demons, we cut asunder!*

*They're rooted in pride and hatred towards people,
Causing spiritual wounds; enclose us in a bubble,
Evil seeds planted—contaminate who we're meant to be,
Keeping us from fulfilling GOD's assignments ruthlessly.*

*When gained enough authority—they desire to possess,
But your born-again spirit cannot give them access,
The emotional soul thinks, reasons and decides no or yes,
Though they can inhabit and inflict the carnal flesh.*

*Oh so patient throughout the years,
Slowly creeps in—you may not hear!
He wishes to go undetected to war against us,
Wanting more control without a fuss.*

*Submit yourself to GOD, resist him and he will flee,
Plead JESUS' blood and HIS divine protection quickly,*

*Bind and cast demons out—command in JESUS' name,
Draw nigh to GOD and HE'LL draw nigh to you the same.*

*Unforgiveness could be a hidden sin for many,
As GOD forgives your inexcusable sins, you must forgive,
Through GOD, forgive all to be forgiven mercifully,
Remind you've forgiven them—don't have it relive.*

*Cling to what's only good and stand firm in the Word,
Reject the father of lies and confusion he had tortured,
The closer you are to GOD, the devil would tremble,
All are within GOD's allowance for him to attack with subtle.*

*Break mouths' curses, for words spoken are powerful,
Don't give rights to the devil and agree what's evil,
Avoid cursed objects that stay in your dwelling,
Speak out loud the Word of GOD and ask for blessing!*

Be the Salt and Light

*Life here on earth is just a vapor of time,
Look into an eternal perspective that is prime,
Paint love throughout the lonely empty streets,
Be the salt and light with love of your heartbeats.*

*Show the world that you're a different breed apart,
Let GOD's lights shine to all corners of your heart,
We are an Army of Love with GOD living within us,
What glory as others feel HIS presence from you thus!*

*Beautiful are the feet of those who bring good news,
Who turns a sinner from the error of his way once used,
Scoffers, mockers, even loved ones who may persecute you,
Blessed are you to be Heavenbound with great rewards too.*

*We live in this world but we are not part of it,
Being an outcast; as light and darkness do not fit,
Narrow is the way that leads unto eternal life,
He who endures till the end will be saved afterlife.*

*The truth could be offensive to many as we share,
When served raw it can set others free from snare,*

*Every soldier is willing to die for their cause in war,
If you deny GOD, HE'LL deny you like slammed door.*

*Fear not finite men but GOD who is omnipotent,
HE died for your sins—will you deny yourself as HIS servant?
To follow HIM is to be crucified along with CHRIST JESUS,
Does your heart break like HIM for the lost in darkness?*

*Plant seeds whenever possible and HOLY SPIRIT waters it,
Rejecting JESUS—it's sad the lost are heading to the pit,
Don't push away someone because they're worldly,
But reach them to CHRIST's salvation indiscriminately.*

*Every knee shall bow and confess to GOD they speak,
GOD's a Gentleman and won't force us to choose HIM,
HE wishes not even one to perish whom HE seeks,
It is all about the heart to GOD that lies within.*

*Be bold to witness by the power of the HOLY SPIRIT,
We are powerful through CHRIST beyond our limit,
Not one injustice against you will go unpunished,
When you're saved, fearing death is unneeded.*

The Child of God

*Little feet running and chasing with all might,
Dropping all things to be pleasing in HIS sight,
Little spirit surrendering every detail of her life,
Preparing for royalty to be called as HIS wife.*

*Being the Child of GOD is such a privilege,
Sacred union and divine heavenly knowledge,
Overflowing blessings from open Heaven on high,
Hedged in all sides—you're the apple of HIS eye.*

*With the HOLY SPIRIT within; you have everything,
A changed heart ignited on holy fire that's burning,
Sealed with HIS Blood; beloved child of the free,
An encompassing peace; not even a single worry.*

*Walking without limit as an heir to GOD's Throne,
Family members in multitudes without being alone,
Perfect guidance upon you by an All-Knowing GOD,
Becoming in the likeness of CHRIST JESUS the LORD.*

*HIS love for you is from everlasting to everlasting,
HE loves you like you're HIS only child so caring,*

*Nothing can ever separate from HIS love for you,
HE loves you like no other—it always remain true.*

*HE loves you beyond measure far beyond imagination,
HE'D die for you even if only you who need salvation,
You are priceless, irreplaceable, and a treasure to HIM,
HIS eyes are always on you and forgives all your sins.*

*GOD died for your sins so you can live with HIM forever,
HE can heal your deepest wounds—your Deliverer,
HE is familiar with all your ways, comings and goings,
And careful thoughts of you in your mother's womb knitting.*

*HE is slow to anger and have great patience upon you,
You are perfect through CHRIST JESUS in GOD's view,
You alone can fill HIS empty you-hole in HIS heart,
It breaks HIS heart to lose you an eternity apart.*

*HE have a need for your attention, love and affection,
Not rote prayers but intimacy HE desires from you often,
HE is Holy and yet close by your side so humbly,
HE is GOD Almighty, but HE is also your loving Daddy.*

*Born again in early 2013 by God's grace,
Ran after the heart of God to seek His face,
Through fear of end times got me saved,
But soon knowing His love had me changed!*
